

An advanced solution for managed sessions

Virtual • On-site • Hybrid

quoroom

multimedia  **vision**

Advantages

- A conference voting system for managed sessions
 - Custom voting rules
 - Discussion management
 - Agenda management
 - Full chairman control
- A user-friendly interface for non-technical people
 - Browser based – no installation required
- Visualization of voting results
- Automatic generation of session reports

10:38:10, 30.1

2nd City Council meeting

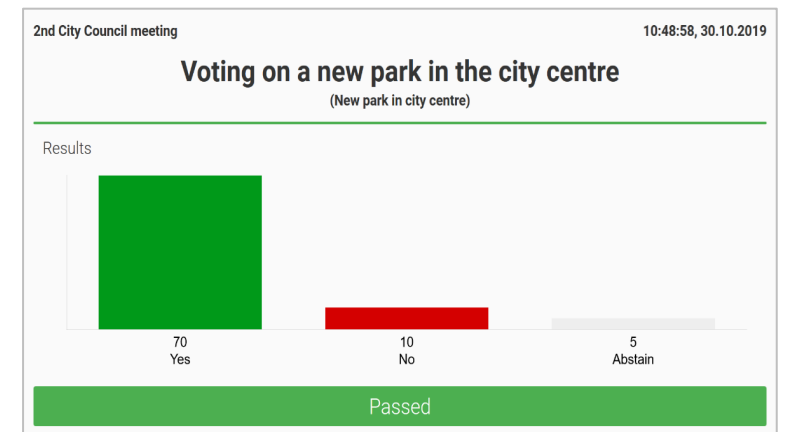

00:16:46

Daily agendas (0/7)

1. Confirmation of the 1st meeting
2. Questions and answers
3. Major's report
4. Fiscal report
5. New park in city centre

Participants

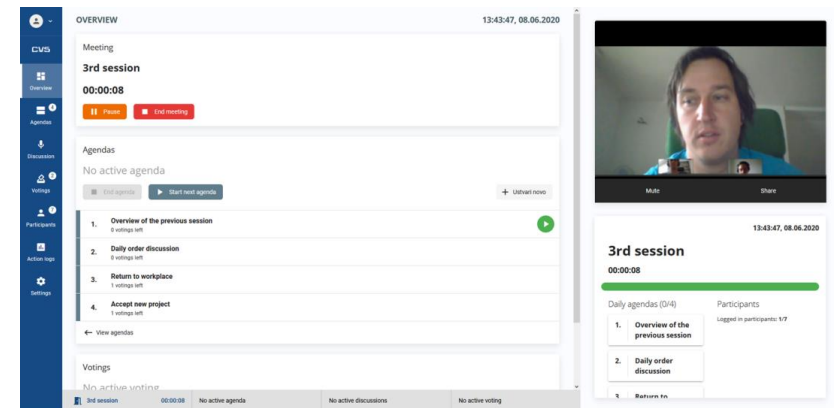

Logged in participants: 3/3

Advantages

- Virtual, on-site or hybrid
- Secure identification and login
 - Two-factor authentication
 - Secure data transfer
- Multilingual support
- Flexible video conferencing
- Live streaming and recording

Value

- Enabling remote decision-making and participation
- An efficient tool for managed sessions
- Giving remote participant full presence
- Time saving and user friendly

- Saving organizations from lockdowns:
 - COVID-19
 - Maternal/paternal leaves

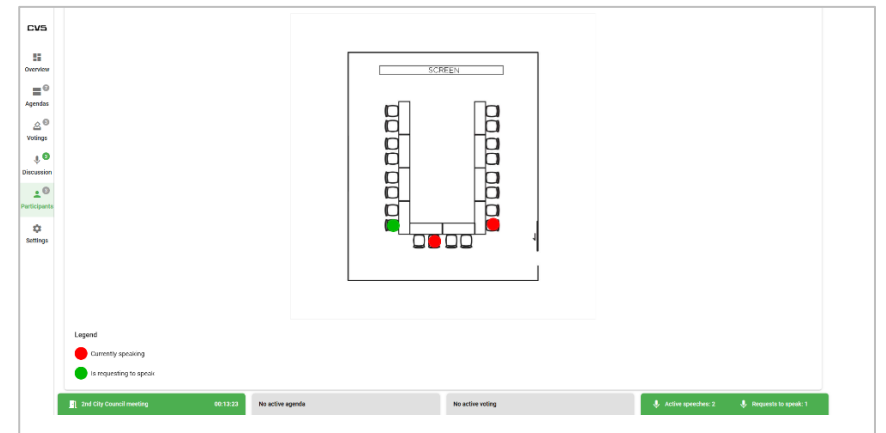

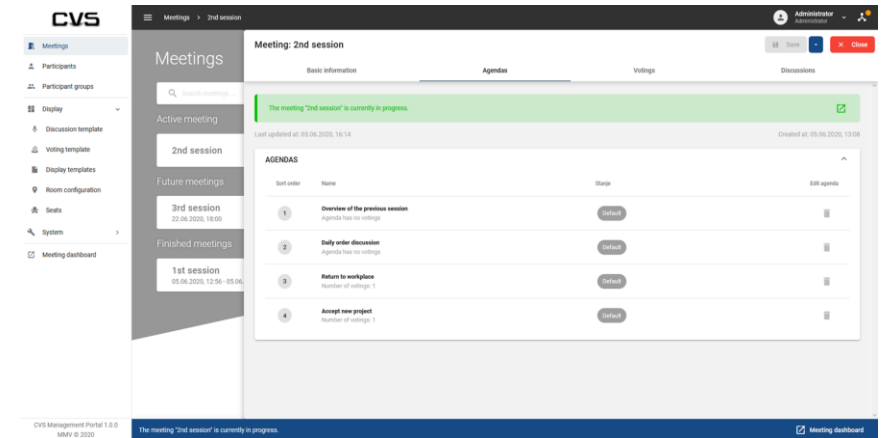

Usage examples

- Assembly and board sessions
- Municipality council sessions
- Organized company meetings
- Parliamentary sessions
- Public organization meetings
- School board meetings
- Any managed session or meeting ...

Managed session use case

1. Define the agenda and voting topics
 - Supports participants without voting rights
 - Meeting invitations over e-mail
2. Select or define procedures and voting rules
3. Manage participants
4. Run the session, discuss and vote
5. Visualize the agenda and voting results
6. Automatically generate the meeting reports.

Optional functionality

- Anonymisation of voting results
 - Available in settings
- Customized reporting and templates
- Server side processing and storing of documents
 - Integration, storage and online publishing of voting results

Showcase – remote version

- Agenda and speakers

The screenshot shows the 'OVERVIEW' page for a meeting titled '3rd session' at 13:43:47 on 08.06.2020. The interface includes a sidebar with navigation options like Overview, Agendas, Discussion, and Participants. The main content area displays the meeting title, duration (00:00:08), and a list of agendas. The agenda items are: 1. Overview of the previous session (0 votes left), 2. Daily order discussion (0 votes left), 3. Return to workplace (1 vote left), and 4. Accept new project (1 vote left). There are buttons for 'End agenda', 'Start next agenda', and 'Utváři novo'. A status bar at the bottom indicates 'No active voting', 'No active agenda', 'No active discussions', and 'No active voting'.

The screenshot shows a video call window for the '3rd session' at 13:43:47 on 08.06.2020. It features a video feed of a speaker, a 'Mute' button, and a 'Share' button. Below the video, there is a progress bar and a list of agendas: 1. Overview of the previous session, 2. Daily order discussion, and 3. Return to workplace. The number of participants is shown as 'Logged in participants: 1/7'.

The screenshot shows the 'CVS REMOTE PORTAL' at 13:40:23 on 08.06.2020. It displays a welcome message: 'Hello Matevž Pogačnik, welcome back!' and a note: 'No meeting is active at the moment. Please choose a meeting to start.' Below this, there are sections for 'Meetings that have not been started' and 'Ended meetings'. The 'Meetings that have not been started' section lists: 3rd session (Mixed: Zoom, 4 participants set), 4th session (Local, 4 participants set), and 2nd session (Remote: Webex, 7 participants set). Each entry includes a 'Start' button and a green play icon.

- Voting and results

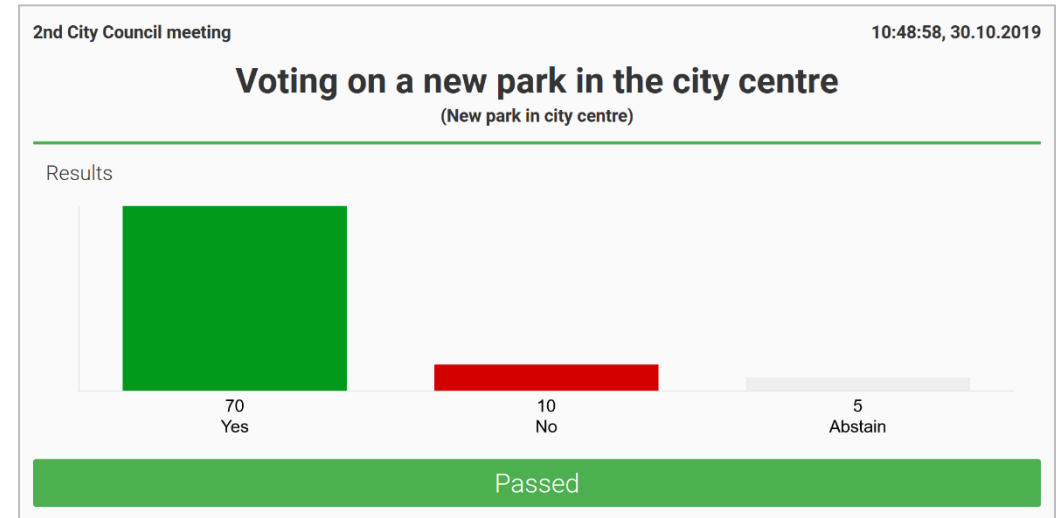

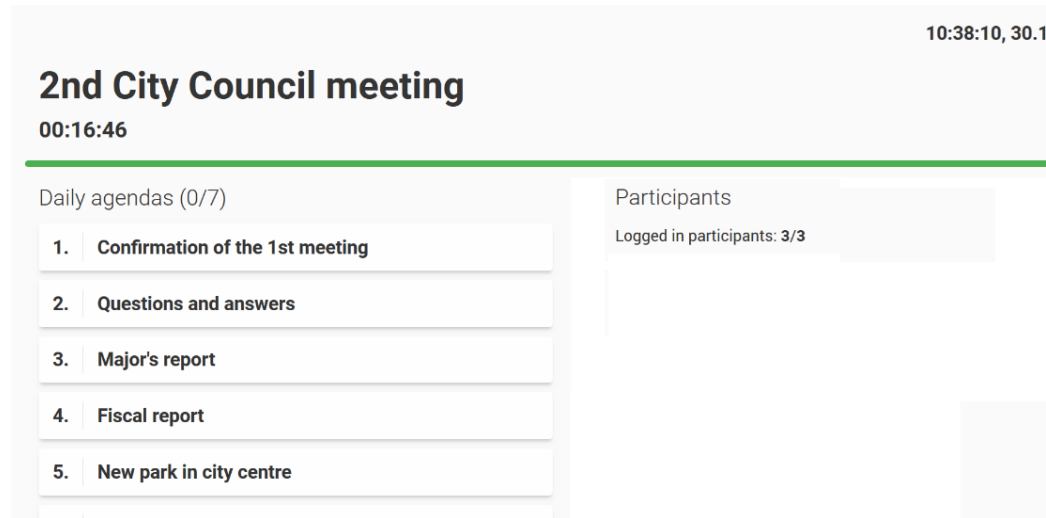

The screenshots illustrate the voting process in Quoroom:

- First Screenshot:** Shows the 'VOTINGS' section with 'Active voting' for 'Accept new project'. The timer is at 00:00:10 / 00:01:00. Buttons for 'End voting', 'Cancel voting', and 'View results' are visible. Below, the 'All votings' list shows 'Return to workplace' and 'Accept new project'.
- Second Screenshot:** Shows a participant's video feed with a 'Mute' button. Below the video, the session details are shown: '3rd session', '13:46:31, 08.06.2020', '4 agenda: Accept new project', and 'Accept new project (Accept new project)'. The timer is at 00:00:10 / 00:01:00.
- Third Screenshot:** Shows the 'Results display' section with a green bar indicating 'Passed'. Below, the 'Voting results' are shown as a bar chart: YES (5) and NO (1). The 'Individual results' section is also visible.
- Fourth Screenshot:** Shows a participant's video feed with a 'Mute' button. Below the video, the session details are shown: '3rd session', '13:47:49, 08.06.2020', '4. Accept new project', and '00:01:35'. The 'Votings (1/1)' section shows 'Accept new project' with a 'No' button.

Showcase – on-site version

- Adapted presentation for big displays (agenda, voting results,...)
- On-demand presentation management

Showcase – stationary version

- Participant management
- Meetings overview

The screenshot shows the 'Participants' management page in the CVS system. The page title is 'Participants' and the user is logged in as 'Administrator'. A search bar is present at the top. Below it, a list of participants in an active meeting is shown:

| Name | Platform | Actions |
|-----------------|-------------------|---------|
| Nejc Povšič | Multimedia Vision | [Icon] |
| Uroš Kostelac | Multimedia Vision | [Icon] |
| Miha Javornik | Multimedia Vision | [Icon] |
| Matevž Pogačnik | Multimedia Vision | [Icon] |
| Luka Bezovšek | Multimedia Vision | [Icon] |
| Peter Šaponja | Multimedia Vision | [Icon] |
| Gregor Gale | Multimedia Vision | [Icon] |

At the bottom, a status bar indicates: 'The meeting "2nd session" is currently in progress.' and 'Meeting dashboard'.

The screenshot shows the 'CVS REMOTE PORTAL' interface. The user is logged in as 'Matevž Pogačnik'. The page displays a welcome message and a list of meetings:

- Meetings that have not been started**
 - 3rd session**: Time is not limited. The meeting has 4 participants set. The meeting does not have any agendas. [Meet: Zoom] [Play]
 - 4th session**: Time is not limited. The meeting has 4 participants set. The meeting does not have any agendas. [Local] [Play]
- Ended meetings**
 - 2nd session**: Time is not limited. The meeting has 7 participants set. The meeting does not have any agendas. [Remote: Webex] [Play]

Hardware – stationary and hybrid

- Integration with Bosch Dicontis Conference System
- Allows for a hybrid setup with remote and local meeting participants
